

## EXMOOR PONY SOCIETY JUNIOR POINTS SCHEME 2014

*Sponsored by Sashes by Kate and Finchcroft Exmoor Ponies.*

*Trophy kindly donated by Catherine Sheppard.*

1<sup>st</sup> Collabear Cicero and Amber Allington – 2320 points

2<sup>nd</sup> Knightoncombe Turtle Dove and Georgia Evans– 1675 points

3<sup>rd</sup> Deagol and Jade Pirie– 1580 points

4<sup>th</sup> Blackthorn Poem and Portly French – 1220 points

5<sup>th</sup> Tawbitts Mystic Little Madam and Charlotte Matravers – 795 points

6<sup>th</sup> Warrenmere Goldcrest and Megan Thompson – 620 points

Also entered Dunsmore Glenmorangie and Grace Kirk, Tiger Moth and Grace Plummer, Beinnliath Dhughail and Kendal Kidd, Beau Evans and Elsinore Axl Rose, Beinnliath Dhughail and Kira Condie and Beinnliath Dhughail and Rachael Mclean.

Of their win, for the third year in the row, Amanda Allington says “Amber and I are thrilled that Collabear Cicero has won the junior awards for the third year running. He has had another change of direction this year and become a dressage superstar with scores in the 70% with plenty of lovely comments of how hard he tries and how he is a super obedient pony! He was overall champion and premium dressage champ in the Native Pony Magazine Championships. We have had kids ponies for thirteen years of various native breeds but by far he has been the most versatile with wins at showing, workers, SJ & dressage . He is a big personality like a lot of exmoors but has a heart of gold and is a true superstar!”

It was great to see 12 pony/rider combinations entered in 2013. This competition is free to enter and all entries receive a rosette. To encourage juniors to become involved with the Society they can be entered in this annual competition as long as the owner of the pony is a Society member.

The competition runs from 1st January to 31st December and entry forms can be downloaded from the Society Website, by email from [j.wharton@live.co.uk](mailto:j.wharton@live.co.uk) or by post from Mrs J Wharton, 52 Finchcroft Lane, Prestbury, Glos, GL52 5BG.
